

## 5kg Novec 1230 Gas Portable Fire Extinguisher For Car Kitchen UI Certificate

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001,CE,CCCF,examination report
- Model Number: MJZ-F/5-XL
- Minimum Order Quantity: 100 set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 50000 sets per week

#### Product Specification

- Capacity: 2kg,3kg,4kg,6kg,8kg
- Feature: Clean Gas And Environmental Friendly
- Body Material: Stainless Steel
- Object: Class A, B, C, E Fires
- High Light: 5kg Novec1230 Gas Portable Fire Extinguisher | Customized Request
- Highlight: **novec 1230 ul certificate, 5kg Novec 1230, 5kg Novec 1230**

## Product Description

### Product introduction

#### Fire Suppression 5kg Novec1230 Gas Portable Fire Extinguisher for Car or Kitchen

NOVEC 1230 is an inert gas, does not burn, does not explode, does not corrode, is harmless to the human body and the environment, so it is widely used in various fields. The NOVEC 1230 fire extinguishing device has the following characteristics: High fire extinguishing efficiency: The NOVEC 1230 fire extinguishing device has a very high fire extinguishing efficiency, which can quickly extinguish the fire and avoid the spread of the fire. Pollution-free residue: After extinguishing the fire, the perfluorohexanone fire extinguishing device will not produce any harmful substances and will not pollute the environment. Safe and reliable: The NOVEC 1230 fire extinguishing device uses inert gas, which does not cause harm to the human body and the environment, so it is very safe and reliable.

NOVEC 1230 fire extinguishing device NOVEC 1230 fire extinguishing device is suitable for extinguishing class A, B, E and F fires. Class A fires refer to solid matter fires, such as wood, paper, plastic, etc. Class B fires refer to liquid fires, such as gasoline, diesel, oil, etc. Class E fire refers to electrical fire, such as electrical wiring, electrical equipment, etc. Class F fires are cooking fires, such as oil pans, ovens, etc.

The use of NOVEC 1230 fire extinguishing device The use of NOVEC 1230 fire extinguishing device is very simple. First, by pointing the extinguishing device at the source of the fire and then turning on the extinguishing device, NOVEC 1230 will quickly extinguish the fire. When using the NOVEC 1230 fire extinguishing device, it is necessary to pay attention to the following points: The fire extinguishing device should be kept dry to avoid the entry of water. Fire extinguishing devices should be stored in a dry, ventilated place, away from direct sunlight. Fire extinguishing equipment should be checked regularly to ensure that it is working properly.

The advantages and disadvantages of NOVEC 1230 fire extinguishing device The advantages of NOVEC 1230 fire extinguishing device mainly have the following points: high fire extinguishing efficiency, can quickly extinguish the fire, and avoid the spread of the fire. No pollution residue, will not cause pollution to the environment. Safe and reliable, will not cause harm to the human body and the environment.

### Technical parameter

Brand	Xinlin
Model	MJZ-F/5-XL
Agent	NOVEC 1230
Working pressure	1.2MPa(20°C)
Working temperature	-10~50°C
Executive standards	GB4351.1-2005
Hydrostatic test pressure	2.1Mpa
Expiration date	5 year

### Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

### Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

### Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are a professional manufacturer specializing in gas fire suppression systems.

Q2: Do you offer OEM products?

A2: Yes, we welcome your own designs and drawings.

Q3: Where is your factory located?

A3: Our factory is situated in the East Lake Industrial Park of XinTang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

Q4: How can I get to your factory?

A4: Due to convenient transportation, you can reach us by taxi or by subway. If taking the subway, please take Line 13 to Shacun Station. Before disembarking, kindly inform us in advance, and we will arrange for a comfortable business van to pick you up from there.
