

Fm200 Fire Protection System Pipe Network Type Fire Extinguisher For Data Center

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: xinlin
- Certification: ISO9001,CE,QMS,CCCF,CNAS
- Model Number: XL-08
- Minimum Order Quantity: 1set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 55000 sets per week

Product Specification

- Company Type: Manufacturer Over 10-Years
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Power: DC24V/1.6A
- Storage Pressure: 4.2MPa
- Maximum Working Pressure: 5.3MPa
- Fire Extinguishing Methods: Total Flooding
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Fire Rating: Class A, B, C,E Fires
- Application Scenario: Generator Room
- Highlight: **fm200 fire protection system,
Pipe Network Type Fire Extinguisher xinlin ,
fm200 fire suppression**

Product Description

Product description

FM200 Pipe Network Type Fire Extinguisher for Data Center Fire Suppression

FM200 fire extinguishing system is a clean gas automatic fire extinguishing system with the following characteristics:

Clean: FM200 clean gas automatic fire extinguishing system is very suitable for protecting electrical appliances, magnetic media, documents or high-value treasures and equipment, no damage to the protected items, leaving no residue after extinguishing, completely without interrupting the daily work in the protected area.

Safety: FM200 clean fire extinguishing gas is an internationally recognized harmless fire extinguishing agent, non-toxic and will not cause respiratory problems. At the same time, FM200 clean gas automatic fire extinguishing system release pressure is small, non-toxic, very suitable for staff resident protection areas.

High efficiency: FM-200 clean gas automatic fire extinguishing system can completely extinguish the fire in 10 seconds, FM-200 clean gas fire extinguishing agent relative to the design of the protected area of the fire extinguishing concentration is low, only 9%, can be quickly purified into clean fire extinguishing gas, fire extinguishing initiative is strong.

Economy: The FM-200 clean gas automatic fire extinguishing system meets the current environmental regulations, so it does not need to be replaced in the future.

Technical parameter

Model	XL-08
Executive standards	GB25972-2010
Storage pressure	4.2Mpa(+20°C)
Working temperature range	0~50°C
Filling density	≤950kg/M ³
Maximum working pressure	5.3Mpa(+20°C)
System spray time	Computer room≤8S,Others≤10S
Fire extinguishing methods	Total flooding
Fire extinguishing design concentration	8-10%
Starting Method	Automatic, pneumatic, manual mechanical emergency start
Fire extinguishing method	Fully submerged fire extinguishing

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Common problems

Q: What is the brand name of the storage pressure fire extinguishing system in FM200?

A: The brand of FM200 internal storage pressure fire extinguishing system is Guangzhou Xinlin Fire Equipment Co., LTD.

Q: What are the models of FM200 internal pressure storage fire extinguishing system?

A: There are 100L, 120L and 150L available models for FM200 internal pressure storage fire extinguishing system.

Q: Where is the storage pressure fire extinguishing system in FM200 manufactured?

A: FM200 internal pressure storage fire extinguishing system is manufactured in Guangzhou, Guangdong Province, China.

Q: What are the characteristics of FM200 internal pressure storage fire extinguishing system?

A: FM200 internal pressure storage fire extinguishing system is efficient, environmentally friendly, safe and reliable, and has a high degree of automation
