Product introduction

Popular Supplier FM200 Gas Fire Fighting System Portable Fire Fighting Extinguisher

The portable stainless steel FM200 extinguisher is a fire extinguisher that uses FM200 extinguishing agent. FM200 is a colorless, odorless, low toxicity, non-conductive gas extinguishing agent, with the advantages of clean, efficient, fast and safe. This kind of fire extinguisher is suitable for extinguishing the fire of electrical equipment, computer room, data center, precision instrument, library, museum and other places.

Product features:

Stainless steel: The shell is made of stainless steel, which has the characteristics of corrosion resistance, impact resistance and high temperature resistance, which can ensure the service life and safety of the fire extinguisher.

Environmental protection and non-polluting: FM200 fire extinguishing agent will not leave any residue, will not cause pollution to the environment, and will not cause damage to the equipment.

Fast fire extinguishing: FM200 fire extinguishing agent can quickly reduce the temperature of the fire, inhibit the spread of the fire, so as to achieve the effect of rapid fire extinguishing.

Safe and reliable: Portable stainless steel FM200 fire extinguisher is simple to operate, easy to use, safe and reliable, and will not cause harm to personnel.

It should be noted that the portable stainless steel FM200 fire extinguisher is a special fire extinguisher that is only suitable for specific fire places and fire source types. Before use, it is necessary to understand its scope of application and use method to ensure the use effect and safety. At the same time, fire extinguishers need to be inspected and maintained regularly to ensure their normal operation and service life.
