

FM200 Hfc227ea Gas Fire Suppression Car Small Portable Fire Extinguisher For Car

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: xinlin
- Certification: ISO9001,CE,QMS,CCCF,CNAS
- Model Number: MJZ/6-XL
- Minimum Order Quantity: 10 set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 66000 unit

Product Specification

- Capacity: 4kg,5kg,6kg,8kg
- Feature: Environmental Friendly
- Body Material: Stainless Steel
- Object: Class A, B, C, E Fires
- Usage Scenario: FM200 Car Fire Extinguisher
- Highlight: **small portable fire extinguisher, portable fire extinguisher for car, FM200 Hfc227ea Gas Fire Suppression**

Product Description

Product introduction

Popular Supplier Portable FM200 Hfc227ea Gas Fire Suppression Car Extinguisher

Portable stainless steel FM200 fire extinguisher is a portable fire extinguishing equipment with stainless steel housing and containing clean gas extinguishing agent FM200 (heptafluoropropane). FM200 is an efficient and environmentally friendly alternative to halon for extinguishing Class A, B and C fires (including solid, liquid and electrical equipment fires), especially for use in places such as precision electronic equipment or important documentation, as it leaves no residue during extinguishing and is non-corrosive to protected items.

Product characteristics

Stainless steel material: with high corrosion resistance and aesthetics, suitable for long-term storage and use in high humidity, high salt or special environment.

FM200 fire extinguishing agent: clean and pollution-free, non-conductive after extinguishing, no residue, more friendly to the environment and human body, and fire extinguishing speed, high efficiency.

Convenient operation: moderate volume, easy to move, suitable for the initial fire source of quick rescue.

Due to its efficient fire extinguishing performance and wide range of application, this type of fire extinguisher is widely used in data centers, communication rooms, libraries, archives, laboratories and other important facilities.

Technical parameter

Brand	Xinlin
Model	MJZ/6-XL
Agent	FM200
Working pressure	1.2MPa(20°C)
Working temperature	-10~50°C
Executive standards	GB4351.1-2005
Hydrostatic test pressure	2.1Mpa
Expiration date	5 year

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Factory Building in Pozhong (Local Name), Dongzhou Village, Xintang Town, Zengcheng District, Guangzhou, Guangdong, China
