

Clean Extinguisher Agent Hfc-227ea Fire Suppression System For Storage Room Fm200 Data Center

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: xinlin
- Certification: ISO9001,CE,QMS,CCCF,CNAS
- Model Number: XL-02
- Minimum Order Quantity: 2set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 35000 sets per week

Product Specification

- Capacity: 100L, 120L, 150L
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Power: DC24V/1.6A
- Company Type: Manufacturer Over 10-Years
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Transport Package: Wooden Box
- Package Size: 500.00cm * 450.00cm * 1900.00cm
- Storage Pressure: 4.2MPa
- Maximum Working Pressure: 5.3MPa
- Fire Extinguishing Methods: Total Flooding
- Fire Rating: Class A, B, C,E Fires
- Highlight: **fm200 data center, fm200 cylinder, Clean Extinguisher Agent Hfc-227ea xinlin**

Product Description

Product description

High-Quality Clean Extinguisher Agent Hfc-227ea Fire Suppression System for Storage Room

Guangzhou Xinlin Firefighting Equipment Co., Ltd. provides FM200 (HFC-227ea) gas suppression systems in models of 100L/120L/150L. It is a type of gas fire extinguishing system capable of protecting a maximum single area up to M³ cubic meters. The system is equipped with an AC 220V or DC 24V, 1A power supply and operates at a working pressure of 4.2MPa with a maximum allowable pressure of 5.3MPa. This fire suppression system is suitable for Class A, B, and C fires, making it an ideal fire protection solution for valuable assets in sectors such as banking, healthcare, IT, and telecommunications, where rapid detection and activation of the fire system are crucial for optimal fire suppression results.

The Guangzhou Xinlin FM200 (HFC-227ea) gas extinguishing system is an effective firefighting solution that can quickly and reliably extinguish fires. Designed with human and environmental safety in mind, it is a non-toxic, non-corrosive fire suppression system that leaves no residue upon discharge. Additionally, its non-conductive properties make it the perfect fire defense solution for sensitive electronic and data processing equipment.

Guangzhou Xinlin's FM200 (HFC-227ea) gas suppression system is the perfect fire safety solution for any facility or business looking to protect their valuable assets. It is easy to install and can be customized to meet specific application requirements. This cost-effective solution ensures minimal downtime and maximizes asset protection.

Technical parameter

Model	XL-02
Executive standards	GB25972-2010
Storage pressure	4.2Mpa(+20°C)
Working temperature range	0~50°C
Filling density	≤950kg/M ³
Maximum working pressure	5.3Mpa(+20°C)
System spray time	Computer room≤8S,Others≤10S
Fire extinguishing methods	Total flooding
Fire extinguishing design concentration	8-10%
Starting Method	Automatic, pneumatic, manual mechanical emergency start
Fire extinguishing method	Fully submerged fire extinguishing

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Common problems

Q: What is the brand name of the storage pressure fire extinguishing system in FM200?

A: The brand of FM200 internal storage pressure fire extinguishing system is Guangzhou Xinlin Fire Equipment Co., LTD.

Q: What are the models of FM200 internal pressure storage fire extinguishing system?

A: There are 100L, 120L and 150L available models for FM200 internal pressure storage fire extinguishing system.

Q: Where is the storage pressure fire extinguishing system in FM200 manufactured?

A: FM200 internal pressure storage fire extinguishing system is manufactured in Guangzhou, Guangdong Province, China.

Q: What are the characteristics of FM200 internal pressure storage fire extinguishing system?

A: FM200 internal pressure storage fire extinguishing system is efficient, environmentally friendly, safe and reliable, and has a high degree of automation
