

FM200 Gas Cabinet Fire Extinguisher Box 70L Automatic Extinguisher

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: xinlin
- Certification: ISO9001,CE,QMS,CCCF,CNAS
- Model Number: GQQ70/2.5-XL
- Minimum Order Quantity: 2set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 30000 sets per week

Product Specification

- Product Name: FM200 Cabinet Gas Fire Suppression System
- Fire Extinguishing Methods: Fully Submerged Fire Extinguishing
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Capacity: 40kg,90kg,100kg,120kg,150kg,180kg
- Company Type: Manufacturer Over 10-Years
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Package Size: 500.00cm * 450.00cm * 1350.00cm
- Storage Pressure: 2.5MPa
- Max Working Pressure: 4.2MPa
- Object: Class A, B, C, E Fires
- Agent: Fm200(htc-227ea Or Heptafluoropropane)
- Highlight: **gas cabinet fire, box cabinet fire, cabinet fire extinguisher**

Product Description

Product description

Factory Price FM200 Cabinet Gas Fire Suppression System 70L Automatic Extinguisher

FM200(htc-227ea) gas fire extinguishing device is a clean gas fire extinguishing system, using FM200 clean gas as fire extinguishing agent. FM200 gas extinguishing agent is an ideal halon substitute and meets the NFPA-200 specification of the National Fire Protection Association (NFPA). The fire extinguishing device adopts full submersion fire extinguishing method, which can extinguish fire quickly and effectively, leaving no residue and causing no damage to the environment.

FM200(htc-227ea) gas fire extinguishing device is usually installed in electronic equipment, communication equipment, servers, network equipment and other important facilities, can quickly extinguish fire, and protect the facility from damage. Compared with the traditional water fire extinguisher and dry powder fire extinguisher, FM200 gas fire extinguisher has the advantages of faster, safer and more environmentally friendly.

FM200 gas fire extinguishing device is composed of controller, starter, nozzle, detector and other parts. The controller is responsible for controlling the operation of the entire device, the detector is responsible for detecting the fire source and sending out the alarm signal, the starter is responsible for receiving the alarm signal and starting the fire extinguishing procedure, and the nozzle is responsible for evenly spraying the fire extinguishing agent into the closed space.

When using the FM200(htc-227ea) gas fire extinguishing device, it is necessary to first determine the facilities and scope of protection, and then select the appropriate model and specification. During installation, it is necessary to correctly install it according to the requirements, and check and maintain it regularly to ensure its normal operation.

Technical parameter

Model	GQQ70/2.5-XL
Executive standards	GB16670-2006
Filling density	$\leq 1120\text{kg/M}^3$
Working temperature	0°C~50°C
Storage pressure	2.5MPa(+20°C)
Max working pressure	4.2MPa(+50°C)
System spray time	Computer room $\leq 8\text{s}$, others $\leq 10\text{s}$
Fire extinguishing design concentration	8-10%
System startup mode	Automatic,Pneumatic manual,Mechanical emergency
Fire extinguishing methods	Fully submerged fire extinguishing

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are the manufacturer.

Q2: Do you have OEM orders?

A2: Yes, according to the customer's requirements.

Q3: Where is your factory located? How do I get there?

A3: Our factory is located in Dongzhou Industrial Park, Xintang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

You are very welcome to visit our factory.
