

Gas FM200 Hanging Fire Extinguisher Room Heptafluoropropane Fire Extinguisher

Our Product Introduction

for more products please visit us on gas-firesuppression.com

Basic Information

- Place of Origin: China
- Brand Name: xinlin
- Certification: CCCF, ISO
- Model Number: XL-37
- Minimum Order Quantity: 2set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 50000 sets per week

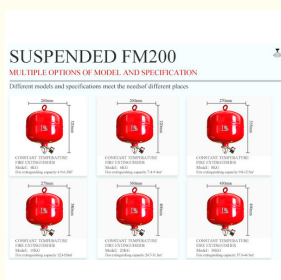

Product Specification

- Portable Extinguisher: FM200 Gas Fire Extinguisher
- Power Source: Gas Fire Extinguisher
- Max Working Pressure: 2.5MPa
- Storage Pressure: 1.6MPa
- Fire Extinguishing Method: Fully Flood Extinguishing
- Starting Mode: Constant Temperature
- Capacity: 4kg,6kg,8kg,10kg,20kg,30kg
- Company Type: Manufacturer Over 10-Years
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Package Size: 380.00cm * 380.00cm * 435.00cm
- Object: Class A, B, C, E Fires
- High Light: Automatic Hanging Heptafluoropropane
- Highlight: Gas FM200 Hanging Fire Extinguisher , Hanging Fire Extinguisher Room xinlin ,

Product Description

Product description

Automatic Hanging Heptafluoropropane Fire Extinguisher with FM200 Gas for Room

FM200 is a gas extinguishing agent, also known as FM200 (HFC-227ea). It is widely used in a variety of environments that require gas fire suppression, such as electronic equipment, server rooms, and storage locations for high-value items.

FM200 fire extinguisher is a fire extinguisher specially designed to be mounted on the ceiling, this gas fire extinguisher is especially suitable for those places where it is not possible to install fire extinguishers on the ground, such as elevated warehouses, high-rise buildings, etc.

The use of FM200 as a ceiling fire extinguisher can effectively protect equipment and items under the ceiling from fire damage. Because FM200 gas extinguishing agent can quickly spread to all corners under the ceiling, it can quickly extinguish the fire and effectively protect the safety of equipment and items.

The manufacturer is Guangzhou Xinlin Firefighting Equipment Co., Ltd.

Technical parameter

Constant temperature suspension type	XL-37
Executive standards	XF13-2006
Filling density	$\leq 1000\text{kg}/\text{M}^3$
Fire extinguishing method	Fully flood extinguishing
Storage pressure	1.6MPa(+20°C)
Working temperature range	0~50°C
Max working pressure	2.5MPa(+50°C)
System spray time	Computer room $\leq 8\text{S}$, Others $\leq 10\text{S}$
Fire extinguishing design concentration	8-10%
Starting Method	Automatic, pneumatic, manual mechanical emergency start

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products. Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines. With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are a professional manufacturer specializing in gas fire suppression systems.

Q2: Do you offer OEM products?

A2: Yes, we welcome your own designs and drawings.

Q3: Where is your factory located?

A3: Our factory is situated in the East Lake Industrial Park of XinTang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

Q4: How can I get to your factory?

A4: Due to convenient transportation, you can reach us by taxi or by subway. If taking the subway, please take Line 13 to Shacun Station. Before disembarking, kindly inform us in advance, and we will arrange for a comfortable business van to pick you up from there.
