

120L HFC-227ea Clean Agent Fire Extinguishing System Fm 200 Tank Cylinder Manufacturer

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001, CE, CCCF, CNAS, QMS
- Model Number: 70L 90L 100L 150L
- Minimum Order Quantity: 100 sets
- Price: negotiation
- Packaging Details: Plywood case
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 40000 sets per week

Product Specification

- Color: Red
- Model: HJ120L-2.5/01-XL-01
- Supply Ability: 60000
- Cylinder Material: Steel Material
- Use: Fire Fighting Equipment
- Working Temperature: 0c-50c
- Highlight: **HFC-227ea clean agent, fm200 cylinder manufacturer, fm 200 tank**

Product Description

Product description

HFC-227ea clean agent fire extinguishing system fm200 cylinder

fM200 cylinder has established a good reputation in the field of gas storage due to its stable and durable characteristics. Made from high-quality steel, this cylinder is engineered and engineered for exceptional durability and stability.

During the manufacturing process, fM200 cylinders strictly comply with international standards and specifications to ensure that every process is at its best. This allows the cylinder to maintain stable performance under harsh environments such as high pressure and high temperature, and is not easily deformed or damaged.

In addition to stable performance, fM200 cylinders also focus on user experience. Its appearance design is simple and elegant, and it is easy to operate, making it convenient for users to fill and use gas. At the same time, the cylinder also has a long service life, which can save users replacement costs and improve usage efficiency.

As a cylinder product with excellent quality, our company's fM200 cylinder has won wide recognition in the market. Both large enterprises and scientific research institutions regard it as the preferred equipment for gas storage. The stability and durability of the fM200 cylinder enable users to use it with confidence for gas storage and transportation, providing strong support for scientific research, production and life.

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic FM200 extinguishers (ceiling-mounted), IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.
