

20kg Hanging Fire Detection System Automatic Fm200 Fire Suppression

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001,CE,QMS,CCCF,CNAS
- Model Number: XL-66
- Minimum Order Quantity: 2set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 55000 sets per week

Product Specification

- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Storage Pressure: 1.6MPa
- Max Working Pressure: 2.5MPa
- Fire Extinguishing Method: Fully Flood Extinguishing
- Fire Rating: Class A, B, C,E Fires
- High Light: 20kg Hanging Fire Detection System
- Highlight: **20kg Hanging Fire detection system, automatic fm200 fire suppression, fm200 fire suppression**

Product Description

Product description

20kg Hanging Fire detection system automatic fm200 fire suppression

The hanging FM200 fire extinguisher has brought revolutionary changes to modern fire safety with its high efficiency and safety characteristics. This fire extinguisher uses advanced FM200 fire extinguishing agent, which has the advantages of quickly suppressing flames and leaving no residue, ensuring that no damage will be caused to equipment or materials during the fire extinguishing process.

The hanging design allows this fire extinguisher to be easily installed at high places such as the ceiling. It is not only beautiful and elegant, but also can be activated quickly when a fire breaks out, buying valuable time for fire extinguishing. At the same time, it is also equipped with an intelligent sensing system that can monitor fire hazards in real time. Once a fire is detected, it will automatically start to quickly extinguish the fire.

Suspended FM200 fire extinguishers are widely used in key places such as computer rooms, telecommunications base stations, and libraries. Once a fire breaks out in these places, the consequences will be disastrous. Therefore, it is crucial to choose an efficient and safe fire extinguisher. The hanging FM200 fire extinguisher is your ideal choice. It will protect your safety and keep you away from the threat of fire.

Technical parameter

Constant temperature suspension type	XL-66
Executive standards	XF13-2006
Filling density	$\leq 1000\text{kg/M}^3$
Fire extinguishing method	Fully flood extinguishing
Storage pressure	1.6MPa(+20°C)
Working temperature range	0~50°C
Max working pressure	2.5MPa(+50°C)
System spray time	Computer room $\leq 8\text{S}$, Others $\leq 10\text{S}$
Fire extinguishing design concentration	8-10%
Starting Method	Automatic, pneumatic, manual mechanical emergency start

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.
