Product Description

Product description

Fire Suppression System 20L/30L Efficient Hanging Gas Extinguisher System FM200

The suspended FM200 fire extinguisher produced by Guangzhou Xinlin Firefighting Equipment Co., Ltd. has become the new favorite of modern fire safety due to its excellent fire extinguishing performance and convenient use. This fire extinguisher not only has the ability to effectively extinguish fires, but is also environmentally friendly and safe, providing comprehensive fire protection for your living and working spaces.

The hanging design allows this fire extinguisher to be easily installed in various places without taking up floor space, making it beautiful and practical. At the same time, it also has an intelligent sensing function, which can quickly start in the early stages of a fire, effectively extinguish the flames and prevent the spread of the fire.

Whether it is cultural venues such as libraries and museums, or technology hubs such as computer rooms and data centers, the hanging FM200 fire extinguisher can play an outstanding role. It can quickly respond to fires, control fires to the smallest extent, and win valuable time for evacuation and rescue operations.

Choosing the hanging FM200 fire extinguisher means choosing safety and trust. It will always protect the safety of your life and property, allowing you to work and live with peace of mind while enjoying a better life.
