

## FM200 Gas Suppression System Fire Rated Extinguisher Cabinets ISO9001

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001, CE, QMS, CCCF, CNAS
- Model Number: GQQ120/2.5-XL-94
- Minimum Order Quantity: 100set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 sets per week

#### Product Specification

- Capacity: 120L, 150L, 180L
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Storage Pressure: 2.5MPa
- Max Working Pressure: 4.2MPa
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Object: Class A, B, C, E Fires
- High Light: 120L FM200 Gas Suppression System
- Highlight: fire rated extinguisher cabinets,  
fire rated cabinet,  
fm200 gas suppression system ISO9001

## Product Description

### Product description

#### FM200 Gas Suppression System For Fire protection FM200 Extinguisher

In modern buildings and high-end facilities, safety is always the top priority. Today, we would like to introduce to you a new fire extinguishing device produced by Guangzhou Xinlin Firefighting Equipment Co., Ltd. that can effectively respond to fire threats and ensure the safety of people and property - the cabinet-type FM200 fire extinguishing device.

The cabinet-type FM200 fire extinguishing device adopts advanced fire extinguishing technology and uses FM200 (heptafluoropropane) as the fire extinguishing agent. FM200 fire extinguishing agent is colorless, odorless, low-toxic, and non-conductive. It can quickly extinguish fires in the initial stage and effectively prevent the spread of fires. At the same time, it will not cause secondary damage to personnel and equipment, ensuring the safety and reliability of the fire extinguishing process.

The device adopts a cabinet design with a beautiful and elegant appearance, and can be easily integrated into various indoor environments. The device is equipped with an intelligent control system that can monitor fire hazards in real time. Once a fire is discovered, it can quickly start the fire extinguishing procedure to nip the fire in the bud. In addition, the cabinet-type FM200 fire extinguishing device also has an automatic alarm function, which can notify relevant personnel at the first time to ensure that the fire is handled in a timely manner.

In short, the cabinet-type FM200 fire extinguishing device is an efficient, safe and reliable fire extinguishing equipment, suitable for various places that require a high degree of safety.

### Technical parameter

Model	GQQ120/2.5-XL-94
Executive standards	GB16670-2006
Filling density	$\leq 1120\text{kg/M}^3$
Working temperature	0°C~50°C
Storage pressure	2.5MPa(+20°C)
Max working pressure	4.2MPa(+50°C)
System spray time	Computer room $\leq 8\text{s}$ , others $\leq 10\text{s}$
Fire extinguishing design concentration	8-10%
System startup mode	Automatic,Pneumatic manual,Mechanical emergency
Fire extinguishing methods	Fully submerged fire extinguishing

### Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

### Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

### Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are the manufacturer.

Q2: Do you have OEM orders?

A2: Yes, according to the customer's requirements.

Q3: Where is your factory located? How do I get there?

A3: Our factory is located in Dongzhou Industrial Park, Xintang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

You are very welcome to visit our factory.
