

HFC-227ea Fm200 Suppression System Fire Rated Fire Extinguisher Cabinets Kitchen

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001, CE, QMS, CCCF, CNAS
- Model Number: GQQ150/2.5-XL-95
- Minimum Order Quantity: 100set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 sets per week

Product Specification

- Capacity: 70L, 90L, 100L, 120L, 150L, 180L
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Storage Pressure: 2.5MPa
- Max Working Pressure: 4.2MPa
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Object: Class A, B, C, E Fires
- High Light: GQQ150/2.5-XL-95 FM200 Gas Suppression System
- Highlight: **fm200 suppression system, kitchen cabinet fire, fire rated fire extinguisher cabinets**

Product description

Factory outlet Automatic HFC-227ea Fire Suppression System FM200 Fire Extinguisher System

Guangzhou Xinlin Firefighting Equipment Co., Ltd. produces cabinet-type FM200 fire extinguishing devices. With its high efficiency, safety and environmental protection characteristics, it has demonstrated strong application value in many fields. Whether it is a high-end computer room, sophisticated communication equipment, or even a collection of precious cultural relics, the cabinet-type FM200 fire extinguishing device can provide solid fire protection.

In the computer room, the cabinet-type FM200 fire extinguishing device can monitor the operating status of the equipment in real time. Once an abnormality is discovered, the fire extinguishing procedure can be quickly started to ensure the safety of the computer equipment. At the same time, FM200 fire extinguishing agent is non-corrosive to electronic equipment and will not cause secondary damage, ensuring the normal operation of the computer room.

In communication base stations, cabinet-type FM200 fire extinguishing devices also play an important role. It can effectively prevent communication equipment from being damaged due to fire and ensure the stable operation of communication networks. In addition, the beautiful design of the device can be integrated with the base station environment, improving the overall aesthetics.

For cultural relics collection warehouses, cabinet-type FM200 fire extinguishing devices are indispensable protective equipment. It can quickly put out fires and protect precious cultural relics from loss. At the same time, its environmental protection characteristics are also in line with the green concept of cultural relics protection.

In short, the cabinet-type FM200 fire extinguishing device has become an indispensable fire safety equipment in various fields with its excellent performance and wide range of application scenarios. It can not only provide efficient fire protection, but also ensure the safety of equipment and cultural relics, providing a strong guarantee for our life and work.

Technical parameter

Model	GQQ150/2.5-XL-95
Executive standards	GB16670-2006
Filling density	$\leq 1120\text{kg/M}^3$
Working temperature	0°C~50°C
Storage pressure	2.5MPa(+20°C)
Max working pressure	4.2MPa(+50°C)
System spray time	Computer room $\leq 8\text{s}$, others $\leq 10\text{s}$
Fire extinguishing design concentration	8-10%
System startup mode	Automatic,Pneumatic manual,Mechanical emergency
Fire extinguishing methods	Fully submerged fire extinguishing

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are the manufacturer.

Q2: Do you have OEM orders?

A2: Yes, according to the customer's requirements.

Q3: Where is your factory located? How do I get there?

A3: Our factory is located in Dongzhou Industrial Park, Xintang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

You are very welcome to visit our factory.
