

Co2 Lpg Fm200 System Fire Suppression System Fireproof Cabinet

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001,CE,QMS,CCCF,CNAS
- Model Number: GQQ150/2.5-XL-96
- Minimum Order Quantity: 100set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 sets per week

Product Specification

- Capacity: 70L,90L,100L,120L,150L,180L
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Storage Pressure: 2.5MPa
- Max Working Pressure: 4.2MPa
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Object: Class A, B, C, E Fires
- High Light: GQQ150/2.5-XL-96 FM200 Gas Suppression System
- Highlight: fireproof cabinet, lpg fm200 system, co2 fm200

Product Description

Product description

Factory outlet Automatic HFC-227ea Fire Suppression System FM200 Fire Extinguisher System

Guangzhou Xinlin Firefighting Equipment Co., Ltd. produces cabinet-type FM200 fire extinguishing devices, which play an indispensable role in many key fields with their high efficiency and environmental protection.

In the field of power facilities, the application of cabinet-type FM200 fire extinguishing devices is particularly important. Electrical equipment is usually installed in a closed machine room or control room. Once a fire occurs, the fire may spread quickly and be difficult to control. At this time, the cabinet-type FM200 fire extinguishing device can be quickly started to effectively suppress the fire and protect the safe operation of power facilities by releasing the FM200 fire extinguishing agent.

In addition, in the fields of chemical industry and precision instrument manufacturing, cabinet-type FM200 fire extinguishing devices also play an important role. These places usually store flammable and explosive items or high-precision equipment, and have extremely high fire safety requirements. The cabinet-type FM200 fire extinguishing device can accurately extinguish fires and avoid fire expansion. At the same time, its environmental protection characteristics also meet the high environmental standards in these fields.

In the field of transportation, the cabinet-type FM200 fire extinguishing device also has broad application prospects. Whether it is an important transportation hub such as a subway, high-speed rail or airport, it is necessary to be equipped with efficient and reliable fire-fighting equipment. The cabinet-type FM200 fire extinguishing device provides strong fire safety guarantee for these places with its high efficiency and environmental protection characteristics.

Technical parameter

Model	GQQ150/2.5-XL-96
Executive standards	GB16670-2006
Filling density	$\leq 1120\text{kg/M}^3$
Working temperature	0°C~50°C
Storage pressure	2.5MPa(+20°C)
Max working pressure	4.2MPa(+50°C)
System spray time	Computer room $\leq 8\text{s}$, others $\leq 10\text{s}$
Fire extinguishing design concentration	8-10%
System startup mode	Automatic,Pneumatic manual,Mechanical emergency
Fire extinguishing methods	Fully submerged fire extinguishing

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are the manufacturer.

Q2: Do you have OEM orders?

A2: Yes, according to the customer's requirements.

Q3: Where is your factory located? How do I get there?

A3: Our factory is located in Dongzhou Industrial Park, Xintang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

You are very welcome to visit our factory.
