

Engine Room Fm 200 Fire Fighting System Fire Automatic Fire Extinguishing Equipment

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001, CE, QMS, CCCF, CNAS
- Model Number: GQQ150/2.5-XL-99
- Minimum Order Quantity: 100set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 20000 sets per week

Product Specification

- Capacity: 90L, 100L, 120L, 150L, 180L
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Storage Pressure: 2.5MPa
- Max Working Pressure: 4.2MPa
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Object: Class A, B, C, E Fires
- High Light: GQQ150/2.5-XL-99 Fire Extinguishing Equipment
- Highlight: **fm 200 fire extinguishing system, fm 200 fire fighting system, fm 200 fire fighting**

Product description

Engine Room Gas Fire Extinguisher Fire Automatic Fire Extinguishing Equipment

Efficient and safe new choice for gas fire extinguishing

In the modern society that pursues efficiency and safety, the single-cabinet FM200 gas fire extinguishing device has become a new choice for fire extinguishing in many places with its unique advantages. This device combines advanced fire extinguishing technology with the efficient fire extinguishing performance of FM200, which can respond quickly when a fire occurs and effectively protect the safety of people and property.

The single-cabinet FM200 gas fire extinguishing device adopts an integrated design, has a compact structure and is easy to install. It has automatic detection, alarm and fire extinguishing functions, and can quickly start in the early stage of a fire, release heptafluoropropane fire extinguishing agent, and quickly extinguish the flames. At the same time, the device also has a manual start function to facilitate manual intervention in special circumstances.

In key places such as data centers, computer rooms, and libraries, single-cabinet FM200 gas fire extinguishing devices play an important role. These places usually contain a large number of sophisticated equipment and precious cultural relics. Once a fire breaks out, the consequences will be disastrous. This device provides strong safety guarantee for these places with its efficient and safe fire extinguishing performance.

In addition, the single-cabinet FM200 gas fire extinguishing device is also suitable for infrastructure fields such as power, communications, and transportation, as well as key facilities in finance, medical, education and other industries. In these places, the device has won wide recognition and application due to its rapid response and efficient fire extinguishing characteristics.

Technical parameter

Model	GQQ150/2.5-XL-99
Executive standards	GB16670-2006
Filling density	$\leq 1120\text{kg/M}^3$
Working temperature	0°C~50°C
Storage pressure	2.5MPa(+20°C)
Max working pressure	4.2MPa(+50°C)
System spray time	Computer room $\leq 8\text{s}$, others $\leq 10\text{s}$
Fire extinguishing design concentration	8-10%
System startup mode	Automatic,Pneumatic manual,Mechanical emergency
Fire extinguishing methods	Fully submerged fire extinguishing

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are the manufacturer.

Q2: Do you have OEM orders?

A2: Yes, according to the customer's requirements.

Q3: Where is your factory located? How do I get there?

A3: Our factory is located in Dongzhou Industrial Park, Xintang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

You are very welcome to visit our factory.
