

## 40 / 70 / 90 / 100 / 120 / 150L Automatic Fire Extinguisher FM200 Stainless Steel Fire Cabinet

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001, CE, QMS, CCCF, CNAS
- Model Number: GQQ150/2.5-XL-101
- Minimum Order Quantity: 100set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 20000 sets per week

#### Product Specification

- Capacity: 90L, 100L, 120L, 150L, 180L
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Storage Pressure: 2.5MPa
- Max Working Pressure: 4.2MPa
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Object: Class A, B, C, E Fires
- High Light: GQQ150/2.5-XL-101 Fire Extinguishing Equipment
- Highlight: **150L Automatic Fire Extinguisher, stainless steel fire cabinet, Automatic Fire Extinguisher FM200**

## Product Description

### Product description

#### 40 / 70 / 90 / 100 / 120 / 150 Automatic Fire Extinguisher FM200 Fire Suppression System

The double-cabinet FM200 gas fire extinguishing device is an efficient fire extinguishing equipment specially designed for modern fire protection needs. Its double cabinet design not only ensures sufficient reserves of fire extinguishing agents, but also greatly enhances the stability of the equipment to protect your safety.

#### Core features

**Efficient fire extinguishing:** FM200 is used as the fire extinguishing medium. This gas extinguishes fire quickly, leaves no residue, causes minimal damage to equipment, and can protect on-site property safety to the greatest extent.

**Intelligent control:** The device has a built-in intelligent control system that can automatically detect fire hazards. Once a fire is detected, it will immediately activate the alarm and automatically extinguish the fire to ensure that the fire is controlled in a timely manner.

**Stable and reliable:** The double-cabinet design makes the device more stable during storage and transportation, and at the same time improves the utilization rate of FM200 fire extinguishing agent, ensuring that maximum fire extinguishing efficiency can be exerted at critical moments.

#### scenes to be used

Double cabinet FM200 gas fire extinguishing device is widely used in various important places, such as:

**Data center:** The equipment in the data center is densely packed, and if a fire occurs, the consequences will be serious. This device can quickly extinguish fires and protect data security and equipment integrity.

**Libraries and Archives:** Rare books and archives need to be properly protected. This device can quickly extinguish fires and reduce losses without affecting books and archives.

**Museums and art exhibition halls:** Artworks and cultural relics are extremely valuable, and a fire will cause immeasurable losses. The device activates quickly to keep these priceless treasures safe.

Choosing the double-cabinet heptafluoropropane gas fire extinguishing device means choosing a persistent pursuit of safety.

### Technical parameter

Model	GQQ150/2.5-XL-101
Executive standards	GB16670-2006
Filling density	$\leq 1120\text{kg/M}^3$
Working temperature	0°C~50°C
Storage pressure	2.5MPa(+20°C)
Max working pressure	4.2MPa(+50°C)
System spray time	Computer room $\leq 8\text{s}$ , others $\leq 10\text{s}$
Fire extinguishing design concentration	8-10%
System startup mode	Automatic,Pneumatic manual,Mechanical emergency
Fire extinguishing methods	Fully submerged fire extinguishing

### Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

### Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

### Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are the manufacturer.

Q2: Do you have OEM orders?

A2: Yes, according to the customer's requirements.

Q3: Where is your factory located? How do I get there?

A3: Our factory is located in Dongzhou Industrial Park, Xintang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

You are very welcome to visit our factory.
