

Heptafluoropropane Fm200 Hanging Fire Extinguisher Automatic Electromagnetism Activated

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001, CE, QMS, CCCF, CNAS
- Model Number: XQQW20-1.6-XL-71
- Minimum Order Quantity: 100set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 sets per week

Product Specification

- Portable Extinguisher: FM200 Gas Fire Extinguisher
- Power Source: Gas Fire Extinguisher
- Max Working Pressure: 2.5MPa
- Storage Pressure: 1.6MPa
- Fire Extinguishing Method: Fully Flood Extinguishing
- Starting Mode: Constant Temperature
- Capacity: 4kg, 6kg, 8kg, 10kg, 20kg, 30kg
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Object: Class A, B, C, E Fires
- High Light: XQQW20-1.6-XL-71 Hanging Gas Extinguisher System
- Highlight: **FM200 Hanging Fire Extinguisher, Hanging Fire Extinguisher Automatic, heptafluoropropane fm200**

Product Description

Product description

Automatic Electromagnetism Activated Hanging FM200 Fire Extinguisher Price

Product Highlights

The suspended FM200 fire extinguisher (electromagnetic model) has become the new favorite of modern fire safety with its unique suspension design and electromagnetic start function. This fire extinguisher not only has the ability to extinguish fire efficiently, but also has excellent performance in intelligence and safety.

Intelligent electromagnetic start

The suspended FM200 fire extinguisher equipped with an electromagnetic starting device can be quickly started after receiving a signal to achieve rapid fire extinguishing. Whether it is manual trigger or automatic induction, it can respond in a short time and effectively curb the spread of fire.

Efficient and environmentally friendly fire extinguishing agent

FM200 fire extinguishing agent is used, which is highly efficient, environmentally friendly and has no residue. It can quickly reduce the temperature of the fire scene in a short period of time without causing secondary damage to the equipment and environment, ensuring the safety and efficiency of the fire extinguishing process.

Widely applicable scenarios

This hanging FM200 fire extinguisher is suitable for a variety of scenarios, including key facilities such as power, communications, and computer rooms, as well as places where precious items are stored such as libraries and museums. Its hanging design is not only beautiful and elegant, but also effectively saves space, providing comprehensive fire protection for various places.

Safe and convenient installation

The installation process is simple and convenient, and no complicated operations are required. At the same time, the products undergo strict quality testing to ensure that they can function stably and reliably at critical moments.

Technical parameter

Constant temperature suspension type	XQQW20-1.6-XL-71
Executive standards	XF13-2006
Filling density	$\leq 1000\text{kg/M}^3$
Fire extinguishing method	Fully flood extinguishing
Storage pressure	1.6MPa(+20°C)
Working temperature range	0~50°C
Max working pressure	2.5MPa(+50°C)
System spray time	Computer room $\leq 8\text{S}$, Others $\leq 10\text{S}$
Fire extinguishing design concentration	8-10%
Starting Method	Automatic, pneumatic, manual mechanical emergency start

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are a professional manufacturer specializing in gas fire suppression systems.

Q2: Do you offer OEM products?

A2: Yes, we welcome your own designs and drawings.

Q3: Where is your factory located?

A3: Our factory is situated in the East Lake Industrial Park of XinTang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

Q4: How can I get to your factory?

A4: Due to convenient transportation, you can reach us by taxi or by subway. If taking the subway, please take Line 13 to Shacun Station. Before disembarking, kindly inform us in advance, and we will arrange for a comfortable business van to pick you up from there.
