

Refill FM200 Hanging Fire Extinguisher For Safe And Clean Fire Extinguishing System Gas Standard

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001, CE, QMS, CCCF, CNAS
- Model Number: XQQW10-1.6-XL-79
- Minimum Order Quantity: 100set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 30000 sets per week

Product Specification

- Portable Extinguisher: FM200 Gas Fire Extinguisher
- Power Source: Gas Fire Extinguisher
- Max Working Pressure: 2.5MPa
- Storage Pressure: 1.6MPa
- Fire Extinguishing Method: Fully Flood Extinguishing
- Starting Mode: Constant Temperature
- Capacity: 10kg, 20kg, 30kg
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Object: Class A, B, C, E Fires
- High Light: XQQW10-1.6-XL-79 Hanging Extinguisher System
- Highlight: **fm 200 refill, fm 200 standard, fm 200 system gas**

Product Description

Product description

FM200 Hanging Fire Extinguisher for Safe and Clean Fire Extinguishing

The hanging FM200 constant temperature fire extinguisher produced by Guangzhou Xinlin Firefighting Equipment Co., Ltd. is an intelligent fire extinguisher tailored for various small protection areas. The built-in temperature sensing element accurately monitors the ambient temperature. Once it exceeds the preset temperature, it will immediately start the fire extinguishing process and release heptafluoropropane fire extinguishing agent to effectively control the spread of fire. It is especially suitable for places with extremely high environmental requirements.

Performance

Humanized design: no manual operation required, independent hanging installation, adaptable to various complex interior decoration styles.

Comprehensive protection: Provide comprehensive fire protection, especially for important facilities such as communication rooms, laboratories, archives, etc.

Green and safe: FM200 has little impact on the human body and the atmospheric environment. It evaporates quickly after extinguishing the fire, leaving no residue.

Application areas

Medical equipment room: For rooms where precision medical equipment and valuable samples are stored, this fire extinguisher can eliminate fire hazards immediately and ensure that the daily operations of medical institutions are not affected.

New energy vehicle charging station: In charging areas with complex electrical environments, this FM200 fire extinguisher can quickly extinguish fires that may be caused by battery failure, effectively reducing the risk of property damage and casualties.

Technical parameter

Constant temperature suspension type	XQQW10-1.6-XL-79
Executive standards	XF13-2006
Filling density	$\leq 1000\text{kg/M}^3$
Fire extinguishing method	Fully flood extinguishing
Storage pressure	1.6MPa(+20°C)
Working temperature range	0~50°C
Max working pressure	2.5MPa(+50°C)
System spray time	Computer room $\leq 8\text{S}$, Others $\leq 10\text{S}$
Fire extinguishing design concentration	8-10%

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products. Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines. With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are a professional manufacturer specializing in gas fire suppression systems.

Q2: Do you offer OEM products?

A2: Yes, we welcome your own designs and drawings.

Q3: Where is your factory located?

A3: Our factory is situated in the East Lake Industrial Park of XinTang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

Q4: How can I get to your factory?

A4: Due to convenient transportation, you can reach us by taxi or by subway. If taking the subway, please take Line 13 to Shacun Station. Before disembarking, kindly inform us in advance, and we will arrange for a comfortable business van to pick you up from there.
