

Fm200 Gas Fire Suppression System 120L FM200 Fire Extinguisher Gas Cylinder

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001,CE,CCCF,CNAS,QMS
- Model Number: 40L 70L 90L 100L 120L 150L
- Minimum Order Quantity: 200 sets
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 50000 sets per week

Product Specification

- Color: Red
- Model: HJ120L-2.5/01-XL-25
- Cylinder Material: Steel Material
- Use: Fire Fighting Equipment
- Working Temperature: 0c-50c
- Highlight: **FM200 Fire Extinguisher Cylinder ,
Fire Extinguisher Gas Cylinder, 120L FM200**

Top-Quality 120L FM200 Fire Extinguisher Gas Cylinder

Product core

Efficient fire extinguishing: FM200 (HFC-227ea) is a colorless, odorless, low-toxic, non-conductive gas with excellent fire extinguishing properties. It can quickly reduce the temperature of the fire scene, inhibit the spread of flames, and effectively extinguish all types of fires.

Environmental protection and safety: FM200 will not produce harmful substances during use and is harmless to the environment and human body. At the same time, it will not produce secondary pollution such as dust and smoke during the fire extinguishing process, ensuring personnel safety.

Stable storage: FM200 is made of high-quality steel and has good sealing and pressure resistance, ensuring that the fire extinguishing agent remains stable during storage and is ready for use at any time.

Easy to operate: FM200 is equipped with a complete automatic control system, which can realize remote start, manual start and other operation methods, making it convenient for users to choose according to the actual situation.

scenes to be used

Computer rooms and data centers: Computer rooms and data centers are densely equipped with equipment. Once a fire breaks out, the losses will be very heavy. FM200 can quickly extinguish fires, protect equipment safety, and reduce the risk of data loss.

Libraries and archives: Libraries and archives contain a large number of precious books and archives. Once a fire breaks out, it will cause immeasurable losses to cultural heritage. FM200 can quickly extinguish fires, reduce the spread of fires, and protect cultural treasures.

Power facilities and substations: Power facilities and substations are important infrastructure for urban operations. Once a fire occurs, it will seriously affect the safety of urban power supply. FM200 can effectively extinguish fires and ensure the safe operation of power facilities.

Museums and exhibition halls: There are a large number of precious cultural relics and works of art displayed in museums and exhibition halls, and the risk of fire cannot be ignored. FM200 can quickly extinguish fires, protect the safety of cultural relics and artworks, and avoid cultural losses.

Industrial plants and warehouses: Industrial plants and warehouses store a large number of flammable and explosive items. Once a fire breaks out, the consequences will be disastrous. FM200 can quickly extinguish flames in the early stages of a fire, prevent the fire from expanding, and ensure the safety of people and property.

In addition, FM200 can also be widely used in crowded places such as hospitals, schools, shopping malls, hotels, etc. to provide reliable fire safety guarantee for these places.

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic FM200 extinguishers (ceiling-mounted), IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are a professional manufacturer specializing in gas fire suppression systems.

Q2: Do you offer OEM products?

A2: Yes, we welcome your own designs and drawings.

Q3: Where is your factory located?

A3: Our factory is situated in the East Lake Industrial Park of XinTang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

Q4: How can I get to your factory?

A4: Due to convenient transportation, you can reach us by taxi or by subway. If taking the subway, please take Line 13 to Shacun Station. Before disembarking, kindly inform us in advance, and we will arrange for a comfortable business van to pick you up from there.
