Product Description

Product Description:

The nozzle type of this extinguisher is spray, allowing for easy and efficient coverage of the fire. The discharge time is 8-10 seconds, giving the user ample time to put out the fire and prevent further damage. The clean gas feature of the FM200 Hanging Fire Extinguisher means that it is safe to use in areas where there may be sensitive equipment or materials that could be damaged by traditional fire extinguishers.

In addition to its effectiveness and safety features, this extinguisher also comes with a 1-year warranty, giving the user peace of mind knowing that they are protected in case of any defects or malfunctions. The FM 200 Fire Alarm System is known for its quality products, and this extinguisher is no exception.

Overall, the FM200 Hanging Fire Extinguisher is a reliable and efficient way to put out fires quickly and effectively. Its portable design makes it easy to use and move around, while its clean gas feature and spray nozzle type make it safe and efficient to use in a variety of settings. Whether you are looking for an automatic fire extinguisher system for your home or business, the FM200 Hanging Fire Extinguisher is a great choice.
