

## FM200 Hanging Heptafluoropropane Fire Extinguisher With Clean Gas Discharge\_Time 8-10 Seconds

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangzhou
- Brand Name: XinLin
- Certification: CCC CE UL
- Model Number: XinLin
- Minimum Order Quantity: 10sets
- Price: 200
- Packaging Details: wooden case packing
- Delivery Time: 7-15
- Payment Terms: T/C
- Supply Ability: 10000/week

#### Product Specification

- Type: Automatic
- Specification: 4/6/8/10/20/30kg
- Portable Extinguisher: FM200 Gas Fire Extinguisher
- Object: FM200/ Novec1230/ IG541/ IG100
- Medicament: FM200 Clean Gas
- Feature: Clean Gas
- High Light: Automatic Hanging Heptafluoropropane
- Discharge Time: 8-10 Seconds
- Highlight: **FM200 Hanging Heptafluoropropane Fire Extinguisher**

## Product Description

### Product Description:

This product is designed to be suspended from the ceiling, providing an efficient and effective way to protect large areas from fire hazards. It is an ideal solution for areas where traditional fire extinguishers may not be practical or where quick response times are essential.

The FM200 Hanging Fire Extinguisher is an empty fire extinguisher cylinder that is filled with FM200 clean gas using a fire extinguisher refill machine. The system is designed to detect and suppress fires automatically, without the need for human intervention. This makes it an ideal solution for areas where fires may occur when no one is present, such as server rooms, data centers, and other critical facilities. The FM200 clean gas used in this product is a heptafluoropropane gas that is non-toxic, non-corrosive, and environmentally friendly. It is highly effective at suppressing fires, and it leaves no residue, making it an ideal choice for sensitive equipment and areas where cleanup could be difficult.

In summary, the FM200 Hanging Fire Extinguisher is an automatic fire extinguishing system that is designed to suspend from the ceiling. It uses FM200 clean gas as its medicament and is available in five different specifications. It is an ideal solution for areas where traditional fire extinguishers may not be practical or where quick response times are essential. It is an empty fire extinguisher cylinder that is filled with FM200 clean gas using a fire extinguisher refill machine, and it uses heptafluoropropane gas, which is non-toxic, non-corrosive, and environmentally friendly.

### Features:

Product Name: FM200 Hanging Fire Extinguisher

Object: FM200/ Novec1230/ IG541/ IG100

High Light: Automatic Hanging Heptafluoropropane

Package Size: 315.00cm \* 315.00cm \* 360.00cm

Valve Material: Brass

Portable Extinguisher: FM200 Gas Fire Extinguisher

This product is part of the FM200 Fire Extinguishing System and is an Automatic Fire Extinguisher System. It is an effective FM200 Fire Extinguishing System that can suppress fires quickly and efficiently.

### Technical Parameters:

Cylinder Color	Red
Valve Material	Brass
Warranty	1 Years
Specification	4/6/8/10/2030kg
Nozzle Type	Spray
Cylinder Material	Carbon Steel
Package Size	315.00cm * 315.00cm * 360.00cm
Object	FM200/ Novec1230/ IG541/ IG100
Medicament	FM200 Clean Gas
Feature	Clean Gas

The FM200 Hanging Fire Extinguisher is an Automatic Fire Extinguishing System that uses the FM 200 Fire Alarm System. It is designed to extinguish fires using FM 200 Clean Gas.

### Applications:

The XinLin FM200 Hanging Fire Extinguisher is a portable extinguisher that can be easily transported to different locations as needed. It is designed to be used with FM200, Novec1230, IG541, or IG100, making it a versatile product that can be used in a variety of settings. The clean gas feature of the XinLin FM200 Hanging Fire Extinguisher makes it an ideal choice for use in environments where cleanliness is a top priority. The nozzle type is spray, providing a wide coverage area for faster and more efficient extinguishing of fires.

The XinLin FM200 Hanging Fire Extinguisher is certified by CCC CE UL, ensuring that it meets the highest safety standards. It has a minimum order quantity of 10 sets and a price of 200 dollars, making it an affordable and accessible product for businesses and organizations of all sizes.

The XinLin FM200 Hanging Fire Extinguisher is packaged in wooden cases for safe transportation and has a delivery time of 7-15 days. Payment terms are T/C, and the product has a supply ability of 10000 units per week. The package size is 315.00cm \* 315.00cm \* 360.00cm, making it easy to store and transport.

Overall, the XinLin FM200 Hanging Fire Extinguisher is an essential product for any business or organization that prioritizes fire safety. It is a reliable and effective product that can quickly extinguish fires, protecting both people and property. Its versatility and affordability make it a top choice for a variety of applications.

Note: The product does not come with an Empty Fire Extinguisher Cylinder.

## Customization:

For customization services, we can provide the FM 200 Fire Alarm System, FM200 Fire Extinguishing System, and Fire Extinguisher Refill Machine. Please contact us for more details.

## Support and Services:

The FM200 Hanging Fire Extinguisher is a clean agent fire suppression system designed to quickly extinguish fires in enclosed spaces. It uses a specially designed nozzle to disperse the FM200 gas evenly, effectively and safely, minimizing damage to property and reducing downtime.

Our technical support team is available to assist with any questions you may have about installation, maintenance or operation of the FM200 Hanging Fire Extinguisher. We also offer a range of services including system design, installation, testing, and commissioning to ensure your system is fully operational and meets all relevant safety standards.
