

Quick And Reliable FM200 Fire Suppression System With Detection Tubes

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001,CE,QMS,CCCF,CNAS
- Model Number: TH-Z-Q-6/2.5/170-XL
- Minimum Order Quantity: 100 set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 50000 sets per week

Product Specification

- Capacity: 3KG/4KG/6KG/8KG
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Color: Red
- Object: Class A, B, C, E Fires | Customized Request
- Implementation Standards: XF1167-2014
- Static Operating Temperature: 170 ±10
- System Boot Mode: Direct,indirect
- Highlight: **Detection Tubes FM200 Fire Suppression System**
, Detection Tubes Fire Suppression System ,
8KG Capacity FM200 Fire Suppression System

Product Description

Quick And Reliable FM200 Fire Suppression System With Detection Tubes

Description

Fire Detection Tube is a revolutionary fire detection and suppression system. It is designed and manufactured in Guangzhou, Guangdong, China, with the highest quality standards and cutting-edge technology. The system is designed to be activated automatically, providing a fast and efficient response to any fire emergency. With its automatic actuation, Fire Detection Tube eliminates the need for human intervention, ensuring a timely response and minimizing the risk of fire damage. Our product is available for purchase in a minimum order of 5 sets, making it suitable for both small and large scale installations. This allows for easy deployment in various settings such as homes, offices, factories, and warehouses. The installation process for Fire Detection Tube is simple and hassle-free. It can be easily installed by a trained professional, ensuring proper placement and functionality of the system. One of the key features of Fire Detection Tube is its high working pressure. The system is capable of containing and FM200 at 2.5MPa, making it an effective and reliable fire suppression solution. In summary, Fire Detection Tube is a highly efficient and effective fire detection and suppression system. With its automatic actuation, easy installation, and high working pressure, it provides a comprehensive solution to protect against fire hazards. Get your Fire Detection Tube today and ensure the safety of your property and loved ones.

Technical Parameters:

Specification	Parameter
Actuation	Automatic
System Activation Method	direct indirect
Working Pressure	FM200: 2.5MPa
Max. Filling Rate	1.15kg/L
Maximum Working Pressure	4.2MPa(+20°C)
Working Temperature	0°C~50°C
Static Activation Temperature	170 ±10
Specification	FM200 Clean Agent
Origin	Guangzhou, Guangdong, China
Installation	Easy To Install

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are the manufacturer.

Q2: Do you have OEM orders?

A2: Yes, according to the customer's requirements.

Q3: Where is your factory located? How do I get there?

A3: Our factory is located in Dongzhou Industrial Park, Xintang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

You are very welcome to visit our factory.
