

6KG HFC-227ea/FM200 Automatic Fire Extinguisher Tube For Data Centers And Server Rooms

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Guangzhou Xinlin Firefighting Equipment Co., Ltd.
- Certification: ISO9001, CE, QMS, CCCF, CNAS
- Model Number: TH-Z-Q-6/2.5/170-XL
- Minimum Order Quantity: 100 set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 50000 sets per week

Product Specification

- Application: Indoor
- Capacity: 3KG/4KG/6KG/8KG
- Feature: Clean Gas And Environmental Friendly
- Body Material: Steel Cylinder
- Color: Red
- Object: Class A, B, C, E Fires | Customized Request
- Filling Density: 1150kg/M3
- Static Operating Temperature: 170 ±10
- Highlight: Automatic Fire Extinguisher Tube,
Data Centers Automatic Fire Extinguisher Tube,
6KG Automatic Fire Extinguisher Tube

Product Description

6KG HFC-227ea/FM200 Automatic Fire Extinguisher Tube For Data Centers And Server Rooms

Description

The Fire Detection Tube is a highly advanced fire detection and suppression system designed to provide fast and effective protection for your property. With a minimum order of just 5 sets, this product is suitable for both small and large scale applications.

Durability

The Fire Detection Tube is built with high-quality materials and advanced technology, offering exceptional durability. It can withstand extreme temperatures and harsh environments, ensuring reliable performance when you need it most.

Max. Filling Rate

The Fire Detection Tube has a maximum filling rate of 1.15kg/L, allowing for efficient and effective fire suppression. This means that a small amount of FM200 agent can quickly fill the tube and suppress the fire, minimizing damage and reducing downtime.

Specification

The Fire Detection Tube is available with FM200 clean agent only. FM200 is an efficient and environmentally friendly fire suppression agent that rapidly extinguishes fires, making it especially suitable for protecting sensitive equipment like electronics.

Response Time

The Fire Detection Tube is designed to respond quickly in the event of a fire. With a response time of less than 5 seconds, it can detect and suppress fires at an early stage, preventing them from spreading and causing extensive damage.

Overall, the Fire Detection Tube is a reliable and efficient fire protection solution, offering durability, a high filling rate, and fast response times. It is suitable for a wide range of applications and provides peace of mind for property owners and businesses.

Technical Parameters:

Product Name	Fire Detection Tube
Cylinder Color	Red
Origin	Guangzhou, Guangdong, China
Working Pressure	FM200: 2.5MPa
Executive Standard	XF 1167-2014
Actuation	Automatic
Extinguishing Agent	FM200
Max. Length	15m
Filling Density	1150kg/M3
Max. Working Pressure	4.2MPa
Working Temperature	0°C~50°C

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are the manufacturer.

Q2: Do you have OEM orders?

A2: Yes, according to the customer's requirements.

Q3: Where is your factory located? How do I get there?

A3: Our factory is located in Dongzhou Industrial Park, Xintang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

You are very welcome to visit our factory.
