

Easy Installation FM200 Hanging Fire Extinguishing System High Safety

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: xinlin
- Certification: ISO9001,CE,QMS,CCCF,CNAS
- Model Number: XQQW20/1.6-XL
- Minimum Order Quantity: 2set system
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10-15 working days after payment or receipt of L/C
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 30000 sets per week

Product Specification

- Volume: 4L,6L,8L,10L,20L,30L
- Agenttype: HFC227ea (Heptafluoropropane)
- Storage Pressure: 1.6MPa
- Ambient Working Temperature: 0 50
- Filling Density: $\leq 1000 \text{ Kg/m}^3$
- Fire Rating: Class A, B, C,E Fires
- Company Type: Manufacturer Over 10-Years
- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency
- Highlight: **FM200 hanging fire extinguisher,
Easy install FM200 fire system,
High safety FM200 extinguishing system**

Product Description

Easy Installation FM200 Hanging Fire Extinguishing System High Safety

Product description

The FM200 Hanging System is a highly efficient and reliable fire suppression system that uses FM200 gas to quickly extinguish fires. It is designed to protect small to medium-sized spaces from fire hazards and is suitable for use in a variety of environments, including offices, server rooms, and industrial facilities.

Discharge Time: ≤10s

In case of a fire emergency, the FM200 Hanging System can quickly release the FM200 gas within 10 seconds, effectively suppressing the fire before it can cause significant damage.

Warranty: 1 Year

The FM200 Hanging System comes with a 1-year warranty, ensuring that you have a reliable fire suppression system for your space.

Capacity: 6L, 8L, 10L, 20L, 30L

The FM200 Hanging System is available in 5 different capacities: 6L, 8L, 10L, 20L, and 30L. This allows you to choose the most suitable capacity for your space, ensuring maximum protection against fire hazards.

Usage: Fire Suppression System

The FM200 Hanging System is an automatic fire suppression system, designed to quickly and effectively suppress fires in the event of an emergency. It is a vital component of any fire safety plan and can help prevent devastating losses due to fire damage.

Hanging System

The FM200 Hanging System is designed to be easily installed on walls or ceilings, making it a convenient and space-saving solution for fire protection. Its compact and lightweight design allows for flexibility in installation, making it suitable for a wide range of spaces.

Easy Installation

The FM200 Hanging System comes with all the necessary components for easy installation, including mounting brackets, screws, and user manual. This makes it simple for anyone to install and maintain the system, saving you time and money on professional installation services.

Technical parameter

Brand Name	Xinlin
Maintenance	Low
Usage	Fire Suppression System
Installation	Easy To Install
Capacity	6L,8L,10L,20L,30L
Discharge Time	≤10s
Place of Origin	Guangdong, China
Storage Pressure(20)	1.6MPa
Safety	High
Cost	Reasonable

Advantages:

Though automatic FM200 fire extinguisher -- ceiling mounted style has two kinds of system, but their advantages are the same as follows:

Substantial consideration of little protection. Some areas, such as server rooms or electric rooms or the like would be very small, which require little fire extinguishing agent. Then, hanging type system can play its role.

Little occupation of space. As the protection zone is very small, so maybe there is no much space to place other machines or devices or objects. Then, the ceiling mounted style is designed with the small but efficient function of fire suppression and overall coverage to the whole room.

Convenient installation and transportation. Because of relative light and small figure, even one person can hold and fix it on the top of ceiling or wall. But additionally, the temperature-controlled model cannot be installed more than one piece in principle or practice.

Company profile

Guangzhou Xinlin Firefighting Equipment Co., Ltd. is located in Guangzhou, a vital city connecting China to the world, characterized by its convenient transportation and picturesque environment. We are a manufacturing company with a professional and seasoned team of employees, consisting of solution design experts, technical installation specialists, quality inspection professionals, and after-sales service teams, dedicated to the research and development of HFC-227ea (FM200), IG541, IG100, and Novec 1230 products.

Currently, we offer a range of commonly used fire suppression systems, including FM200 fire suppression systems, cabinet-style FM200 fire suppression systems, fully automatic fire extinguisher (hanging), portable fire extinguisher, IG541 fire suppression systems, IG100 fire suppression systems, fire detection tube fire suppression systems, as well as automatic fire extinguishing pipelines.

With high quality products, perfect service and good reputation, the company has won wide praise from customers at home and abroad.

Why choose us

- Efficient management system
- More than 10 years of experience in gas fire fighting industry
- Advanced equipment and professional engineers
- We provide 8x6 hr technical support and after-sales service

Frequently Asked Questions

Q1: Are you a manufacturer or a trading company?

A1: We are a professional manufacturer specializing in gas fire suppression systems.

Q2: Do you offer OEM products?

A2: Yes, we welcome your own designs and drawings.

Q3: Where is your factory located?

A3: Our factory is situated in the East Lake Industrial Park of XinTang Town, Zengcheng District, Guangzhou City, Guangdong Province, China.

Q4: How can I get to your factory?

A4: Due to convenient transportation, you can reach us by taxi or by subway. If taking the subway, please take Line 13 to Shacun Station. Before disembarking, kindly inform us in advance, and we will arrange for a comfortable business van to pick you up from there.
